After that all were taken again to conference room and given us snacks. After that the Senior Scientific Officer Mr. Anand Chavan was felicitated. Lastly, we ended the visit by clicking a group photograph at 1.30 PM and we moved out of the plant.

## Outcomes

- Industrial visits provide the students with an opportunity to learn practically through interaction, working methods and employment practices.
- It gives the students an exposure to current work practices as opposed to theoretical knowledge being taught at their college classrooms.
- Industrial visits grant the students a great opportunity to interact with industries and know more about industrial environment.
- Industrial visits are arranged by colleges for their respective students with an objective of providing them an opportunity to explore the different industry sectors like pharmaceutical, manufacturing, services, finance.
- Industrial visit helps students to combine their theoretical knowledge of business operations with the practical knowledge of its actual functioning.
- Industrial realities are opened to the students through industrial visits.
