Criteria 7

Institutional Values and Best Practices

Key Indicator – 7.1

Institutional Values and Social Responsibilities

Metric No. 7.1.3

Quality audits on environment and energy regularly undertaken by the Institution.

The institutional environment and energy initiatives are confirmed through the following

1. Green audit / Environment audit
2. Energy audit
3. Clean and green campus initiatives
4. Beyond the campus environmental promotion and sustainability activities

GREEN AUDIT CERTIFICATE

This is to certify that Green Audit has been successfully completed by M/s. Saur Engineers & Consultants Pvt. Ltd. Empanelled Energy Auditor(CLASS-A) MEDA, Government of Maharashtra and an ISO 14001:2015 company and suggestions for improvements have been given. The Audit activity has been executed for beneficiary with following Details:-

**Amdar Deepakbhai Keshkar Science College, Dodamarg
At, Post & Tal. Dodamarg, Dist. Sindhudurg, Maharashtra**

No. GA257E

Date of Audit: 05/12/2023

Assessment Period: 2022-2023 Valid till: 04/12/2024

The Quality audits, institutional environment and energy initiatives are confirmed through the following

1. Green audit /Environment audit & Energy audit
2. Clean and green campus initiatives
3. beyond the campus environmental promotion activities

Policy Document on the Green Campus

A Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus.

The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture by conducting various activities to create awareness regarding to environmental, social and economic needs of mankind.

Objectives:

The Green Campus Initiatives involves first step as establishing a viable Green Campus related committee i.e. Nature- Club Committee, within the Institute.

The administration of the Institute believes that everyone has to work out the time bound strategies to implement green campus initiatives.

These strategies need to be incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus.

Every individual of Amdar Deepakbhai Kesarkar Science College Dodamarg will work, may he/she be a student, faculty and support staff in support to make campus green.

Composition of the Nature Club Committee:

Dr S. V. More– Head Department of Zoology & IQAC Coordinator Mr. A. B. Dhenge- Assistant Professor Dept. of Chemistry, Mr. M. V. Golase (Principal).

IQAC Coordinator,
A.D.K. Science College,
Dodamarg.

Principal
Amdar Deepakbhai Kesarkar Science College
Dodamarg, Tal. Dodamarg, Dist. Sindhudurg

Role of the Green Campus Programme:

Thus, in view of this, the committee will plan and execute to:

1. Seek views of all the members to make the Green Campus initiative functional throughout the year.
2. Establish a Green Campus Environmental Ethic Awareness campaigns.
3. Organize Awareness Programs for the students, faculty and society.
4. Phase out the conventional light source such as bulbs and tube lights, campus lights and get them replace by the LEDs.

Promotion of “Save Energy Tips” in and outside the Institute:

1. Activate power management features on your computer and monitor so that it will go into a low power “sleep” mode when you are not working on it.
2. Turn off electric equipment like fan, lamps, computers etc. when you leave your table/room.
3. Avoid the use of decorative lighting.
4. Use LED

Major Green Campus Initiatives:

1. Tree Plantation Drive
2. Cleanliness Drive
3. Use of LEDs
4. Restricted entry of automobiles in campus

The Institute will make all the necessary efforts to involve the students, faculty and staff in “Green Campus Initiatives” by designating the volunteers of Nature Club, DLLE or various departments in the Campus.

Report On World Nature Conservation Day

Academic Year	2019-2020
Name of the Committee	Zoology department and Nature Club
Name of the Event	World Nature Conservation Day
Date	July 28, 2019
Venue	College campus.
Objective	The main objective of this event is respect and promote the values of wide range of forests to raise awareness about the importance of nature and promote sustainable conservation practises.
No. of Participants	

World Nature Conservation Day is celebrated today on July 28. This day is celebrated to conserve everything in nature like trees, mountains, rivers, forests, animals, birds and to create awareness about natural resources in the society. The current era is called the progressive era of science and technology. The world is fighting to raise the graph of development and progress on the basis of human intelligence and techniques in a modern way. While doing this, the increasing needs of human beings, the increasing need for food grains, factories, and

products, along with the increasing demand according to the population, all these things are putting a huge strain on the natural resources. By destroying the natural forest resources, humans are setting up their settlements, while setting up these settlements, people forget that the survival of these trees is more important than the need for development. As the population increases and the population increases, man is destroying the forest resources to provide more space for new settlements, new factories to create jobs for those people. Man in this modern era is currently looking only for his happiness, wealth, glory and selfishness. In the name of modernizing smart city, man is fulfilling his desire by encroaching on many natural resources of nature. But while doing all this, people do not realize that we are breaking the balanced life cycle of nature somewhere. "Vrikshavalli Amha Soyre Vanchare" has been told by our saints long ago. In our agrarian culture, our ancestors gave importance to numerous types of trees like wad, pimpal, talsa, mango, lemon. By planting these indigenous trees, if they are properly conserved, these trees can provide adequate amount of rainfall, thus providing abundant water, providing shade, vapour retention, oxygenation, and most importantly, raising the ground water level, thus automatically reducing the temperature. Therefore, it is the need of the hour for everyone to plant trees and conserve forests. The inaugural programme then took place, including Mr. M.V. Golase as the chief guest of honour, as well as Mr. B.V. Rashiwade and other dignitaries. The activities and performances in the programme were aimed at educating students about our nature. The programme began with the opening ceremony, during which Chief Guest Mr. M. V.

Golase delivered on lecture on Nature conservation day. The day offers a chance to raise awareness about the conservation strategy and prevent deforestation from natural habitat all over the world. Speaking about Nature conservation day were Mr. Milind Golase Sir, Mr. A.B. Dhenge Sir and other teaching staff. The program's anchoring and conclusion were performed by Mr. J. A. Sawant.

Report of Street Play on theme Save Food

Date - 25/01/2020

The "Save Food" concept is a crucial issue that needs to be addressed on a global level so Department of Lifelong Learning and extension of Amdar Deepakbhai Kesarkar Science College Dodamarg, decided to make awareness in Dodamarg city and bazarpeth by performing street play. Street plays is always an effective medium to convey social messages to the community. A street play based on the "Save Food" concept is an innovative way to create awareness about food wastage and encourage people to take necessary steps to reduce it.

The street play theme was started with a group of DLLE student playing the roles of a family sitting at a dining table, wasting a significant amount of food, and throwing it away. The play then showed the adverse effects of food wastage on the environment, economy, and society. The student also highlighted the hunger and malnutrition issues faced by several people worldwide and how food wastage only adds to the problem.

The next segment of the street play was showcased the audience practical tips on how they can contribute to reducing food wastage. That tips include simple things like planning meals, storing food properly, and using leftovers creatively.

Finally, the play concluded by emphasizing the need for collective action to reduce food wastage. It encouraged people to take part in local

initiatives and support organizations working towards this cause. The play also reminded people that every small step counts and together, we can make a significant impact.

In conclusion, a street play on the "Save Food" concept was a powerful medium to create awareness and bring about change. It is an excellent way to convey a crucial message to people of all ages and backgrounds, making them more conscious of their actions and their impact on the environment and society.

After the performing street play by DLLE student in Dodamrg bazarpeth they return to college. Our college Principal congratulated 65 students participating in street play for their performance and well-planned theme of street play.

Report On World Nature Conservation Day

Academic Year	2021-22
Name of the Committee	Zoology Department and Nature Club
Name of the Event	World Forest Conservation Day
Date	March 21, 2022
Venue	College campus And Surrounding area
Objective	To conserve forests and ensure their sustainable management. To regulate the diversion of forestland for non-forestry purposes, such as mining, industrial projects, or infrastructure development
No. of Participants	

World Nature Conservation Day is observed annually on March 21, 2022 to raise awareness about the importance of forests and the urgent need to conserve them. Forests play a crucial role in maintaining ecological balance, supporting biodiversity, mitigating climate change, and providing livelihoods to millions of people worldwide. Forest Conservation Day serves as a reminder of our responsibility to protect and sustainably manage our forests. It highlights the interconnectedness of forests with our well-being and the environment. Continued efforts are essential to ensure that future generations can benefit from the invaluable services that forests provide. World Nature Conservation Day was observed on March 21, 2022, with a focus on the critical importance of forests and the necessity of their

conservation. The event aimed to raise awareness about the vital role forests play in ecological balance, biodiversity support, climate change mitigation, and the sustenance of millions of livelihoods globally. Introductory Speech: The event commenced with an insightful introductory speech by Asst. Prof. Dr. S. V. More, who emphasized the significance of forest conservation and the collective responsibility of individuals and communities to protect these natural resources? Welcome Speech: Ms. S. B. Sutar extended a warm welcome to all attendees, setting the tone for a day dedicated to understanding and addressing forest conservation issues. Principal Address: Mr. M. V. Golase delivered the principal address, highlighting the interconnectedness between human well-being and forest ecosystems, and reinforcing the call for sustainable management practices. Vote of Thanks: Mr. A. B. Dhenge concluded the event by expressing gratitude to all participants.

Report on Nature Conservation Day Conservation Day

Academic Year	2022-23
Name of the Committee	Zoology department and Nature Club
Name of the Event	World Nature Conservation Day
Date	July 23, 2022
Venue	College campus and surrounding empty areas.
Objective	The main objective of this event is respect and promote the values of wide range of forests to rise awareness about the importance of forest and trees and promote sustainable forest management practises.
No. of Participants	

Forest Conservation Day is celebrated today on July 23.2022. This day is celebrated to conserve everything in nature like trees, mountains, rivers, forests, animals, birds and to create awareness about natural resources in the society. The current era is called the progressive era of science and technology. The world is fighting to raise the graph of development and progress on the basis of human intelligence and

techniques in a modern way. While doing this, the increasing needs of human beings, the increasing need for food grains, factories, and products, along with the increasing demand according to the population, all these things are putting a huge strain on the natural resources. By destroying the natural forest resources, humans are setting up their settlements, while setting up these settlements, people forget that the survival of these trees is more important than the need for development. As the population increases and the population increases, man is destroying the forest resources to provide more space for new settlements, new factories to create jobs for those people. Man in this modern era is currently looking only for his happiness, wealth, glory and selfishness. In the name of modernizing smart city, man is fulfilling his desire by encroaching on many natural resources of nature. But while doing all this, people do not realize that we are breaking the balanced life cycle of nature somewhere. "Vrikshavalli Amha Soyre Vanchare" has been told by our saints long ago. In our agrarian culture, our ancestors gave importance to numerous types of trees like wad, pimpal, talsa, mango, lemon. By planting these indigenous trees, if they are properly conserved, these trees can provide adequate amount of rainfall, thus providing abundant water, providing shade, vapour retention, oxygenation, and most importantly, raising the ground water level, thus automatically reducing the temperature. Therefore, it is the need of the hour for everyone to plant trees and conserve forests. The inaugural programme then took place, including Mr. M.V. Golase as the chief guest of honour, as well as Mr. B.V. Rashiwade Mr, Sanjay Sawant and other dignitaries. The activities and performances in the

programme were aimed at educating the public and students about our natural forests. The programme began with the opening ceremony, during which Chief Guest Mr. Sanjay Sawant delivered on lecture on forest conservation day. The day offers a chance to raise awareness about the forest conservation strategy and prevent deforestation from natural habitat all over the world. Speaking about Forest conservation day were Mr. Milind Golase Sir, Mr. A.B. Dhenge Sir and other teaching staff. The program's anchoring and conclusion were performed by Mr. A.S.Sinari.

Report On Ozone Day Celebration

Academic Year	2022-23
Name of the Committee	Zoology Department and Nature club
Name of the Event	Ozone Day Celebration
Date	September 16, 2022
Venue	Seminar hall and Rally in the Dodamarg City
Objective	The main objective of this event is fixing the ozone layer and reducing climate change.
No. of Participants	

On the occasion of World Ozone Day which was celebrated on 16th September 2022 by ADK Science College Dodamarg commemorating the date on which the Montreal Protocol for the abatement of substances that deplete the ozone layer was signed in 1987 to describe the scientific overview and environmental impact or importance of ozone layer, this was explained by the key speaker. During the question-and-answer period that followed talks, the students engaged with the presenters. The ozone layer shields us from the sun's deadly ultraviolet rays. Sadly, the ozone layer is being destroyed in the name of preserving a high standard of living. The

purpose of the event was to raise awareness among the students, teachers, society, and the general public about the value of the ozone layer, the reasons for its depletion, and the negative repercussions on the earth's ecology. Global Cooperation Protecting Life on Earth is this year's subject for the UN Environment Programme's International Day for the Preservation of the Ozone Layer in 2022. Most of the dangerous UV rays from the sun are shielded from the Earth by the ozone layer. As is well known, the ozone hole, also known as an ozone layer hole, is caused by ozone depleting chemicals used in aerosols, refrigerators, air conditioners, and heaters. This breach allows damaging UV radiation to penetrate the ozone layer, which leads to human diseases like skin cancer and cataracts as well as negative effects on plant crops and the ecosystem as a whole. The following events were held as part of World Ozone Day at ADK Science College with the theme "Ozone for Life":

1. A poster-making competition was held for the purpose of showcasing student creativity and ideas.
2. An essay-writing contest to improve their writing and thinking abilities.
3. A writing contest for slogans.

Additionally, a rally was held to raise awareness for the preservation of the ozone layer in the Dodamarg market area. The competitions and rallies attracted a large number of kids who participated with enthusiasm.

Report On

Gandhi Jaynathi Celebration with Swatch Bharat Abhiyan

Academic Year	2022-23
Name of the Committee	Cultural Committee and DLLE
Name of the Event	Gandhi Jaynathi with Swatch Bharat Abhiyan
Date	October 2, 2022
Venue	College Campus and Seminar Hall
No. of Participants	

Swatch Bharat Abhiyan programme and cleanliness drive along with campaigning was organised in ADK Science College Dodamarg on 2nd October 2022 to improve the quality of life in rural areas through cleanliness and personal hygiene.

OBJECTIVE:

To contribute in Swachh Bharat Abhiyan activity, undertake cleanliness drive and organize rally and campaigning in the surrounding area.

The Swachh Bharat Mission (SBM) launched on October 2, 2014 aims to reduce open defecation in India. The SBM aims to construct 11 crore toilets, to be able to achieve its goal.

Swachh Bharat Abhiyan is a five year long cleanliness campaign launched by the Government of India on 2nd October 2014. The campaign was aimed for making the streets, roads and offices along with the clean surrounding from filth and garbage.

(Signature)
Principal
Amdar. Deepakbhai Kesarkar Science College
Dodamarg, Tal. Dodamarg, Dist. Sindhudurg

One of the main objectives of the drive is to make India Open Defecation Free (ODF). The campaign also targets raising public awareness about cleanliness through rigorous media campaigns and to institute door to door garbage collection in rural/urban household and ensuring its safe disposal.

Importance of Swachh Bharat Abhiyan:

Swachh Bharat Mission is very important considering the condition of sanitation, cleanliness and hygiene in India. Millions of deaths in India have been reported in previous years due to diseases resulting from poor sanitation and hygiene. Also, people were not fully aware of the need for cleanliness and its impact on their health and social life. Every urban/rural Indian household as well as offices were generating a good quantity of waste every day. This waste was either being accumulated or was strewn on streets in the absence of proper collection and disposal mechanism. It is very important to make people aware of the nuisance caused by open defecation and also to strengthen the local bodies for proper door to door efficient collection of waste and its proper disposal. To reduce the spread of contagious diseases which causes due to poor sanitation facilities, open defecation and garbage collection at various places.

Swachh Bharat Mission in Dodamarg Taluka:

The project Swachh Bharat Abhiyan aims for creating awareness among the villagers and motivating panchayats to participate actively in the cleanliness drives and campaigns. In the Dodamarg taluka ADK Science college have organized cleanliness drive in the college campus and also in the vicinity of the college, after this SBA committee also conducted campaign and rally in the market area to spread the awareness and importance of SBA among the local people about hygiene at personal and public places, how to maintain cleanliness at public places and benefit of reducing open defecation.

Principal

Dr. Deepakbhai Kesarkar Science College
Dodamarg, Tal. Dodamarg, Dist. Sindhudurg

Why India Needs Swachh Bharat Abhiyan:

Swachh Bharat Abhiyan is a much needed initiative by India, as poor state of cleanliness in the country could be directly linked to high infant mortality and degrading health conditions. Poor hygiene and cleanliness is causing maximum number of infant deaths in the country. Moreover, there is a direct link between poor sanitation and life threatening diseases like cholera, diarrhoea and typhoid etc.

Objectives of Swachh Bharat Abhiyan:

The various objectives stated under the Swachh Bharat Abhiyan are listed in bulleted points below-

- Improving the quality of life in rural areas through cleanliness and personal hygiene.
- To make India free of open defecation within five years.
- To construct toilets in rural areas.
- To encourage private sectors for making capital expenditure in the project or into the operational and maintenance cost.
- To convert unsanitary toilets into the toilets with flush.
- Create awareness among communities towards sanitation and cleanliness.
- To bring about behavioral changes in the people towards sanitation and hygiene.
- Motivating the communities for adopting a proper sanitation model for better health and life.
- To tell people how sanitation is linked to their overall health and happiness.
- To encourage and acknowledge new technological innovation in the field of sanitation or cleanliness.
- To rope in proper support from eminent personalities and notable public figures to raise awareness among the people.
- To devise a proper, door to door, waste collection and disposal system, both in villages as well as urban areas.

(Signature)
Principal
Amdar, Deepakbhai Kesarkar Science College
Dodamarg, Tal. Dodamarg, Dist. Sindhudurg

- To make necessary changes in the local bodies in order to strengthen their functions and efficiency.
- To ensure proper availability of water in rural areas through a network of pipes.
- To construct separate toilets for boys and girls in all the schools throughout the country.
- To provide clean drinking water in all the schools and also to ensure availability of toiletries like soap etc.
- To provide proper toilets at all the anganwadis in the country.

Report On World Environment Day

Academic Year	2022-23
Name of the Committee	Zoology Department and Nature Club
Name of the Event	World Environment Day
Date	June 05, 2022
Venue	Lecture hall and College Campus
Objective	To educate the people and students about pressing environmental issues and importance of sustainable practices.
No. of Participants	

On June 5, 2022, the globe celebrated World Environment Day. Our ADK Science College Dodamarg also participated to raise awareness of the necessity of protecting the environment and our home planet. Globally, Sweden sponsored the World Environment Day, with the theme "Living Sustainability in Harmony with Nature" and the tagline "Only One Earth." World Environment Day was originally observed in 1973, and since then it has served as a forum for bringing attention to environmental issues such as wildlife crime, overpopulation, global warming, and marine pollution. With annual participation from more than 143 nations, it serves as the platform for public engagement. Dr. Sanjay Jagtap, Joint Director, who

was the chief guest and highlighted speaker for the occasion, explained all of these things to the instructors and students. Finally, he provided us with suggestions for a variety of concerns that directly impact our ecosystem, including

1. Stop using plastic on day-today basis. 2. A tree should be planted every year.

3. Avoid dumping trash into the ocean or rivers. 4. Use objects with care and recycle them.

5. Attempt to reuse items. 6. Use bicycles more and reduce driving 7. Conserve as much water as you can 8. By using less wood and tree, the amount of forest must grow.

Later, the Chief Guest planted the saplings on the college campus alongside the students, instructors, and non-teaching staff.

Report on Campus Cleaning

Date- 22/08/2023

Department of Lifelong Learning and Extension

Activity : Campus and Ground Cleaning

Objective of Activity : To Run Cleanliness Drive in Campus

Time: 1.00 p.m. to 3:00 p.m.

Agenda of the activity:

1. To clean campus and ground for school & college students.
2. To Promote Swatch Bharat Abhiyan.
3. To Develop attitude among the students for Cleanliness.

Execution:

The Volunteers from T. Y. B. Sc. and S. Y. B. Sc. class had participated in this activity. This groups were divided among themselves some of them involved in collecting waste and cleaning the same, whereas some carried out the grass clearing which was covered on ground due to rainy days. Along with this the volunteers also paid attention towards the waste management, for that they called the garbage collecting truck of the municipality in our college. This activity was successfully conducted by 70 DLLE volunteers.

Outcome:

1. Made ground ready for sport and other activities.
2. The whole grass from ground is cleaned successfully.

3. There was an increase in the unity and harmony among the DLLE volunteers towards Swatchta Abhiyan.
4. Students understood the importance of cleanliness in their regular life.

Report on College Student-Led Temple Cleaning

Initiative in Kasai

Date - 29/08/2023

Introduction:

In an endeavour to promote community engagement and uphold the cultural significance of the Kasai Temple, a group of college students initiated a temple cleaning drive.

Objectives:

Preserve Cultural Heritage: Recognize and uphold the cultural heritage of Kasai by maintaining the cleanliness and sanctity of the Kasai Temple.

Promote Community Participation:

Encourage local residents and students alike to actively engage in preserving their cultural landmarks.

Enhance Religious Experience:

Provide devotees and visitors with a clean and welcoming environment for religious worship and reflection.

Activities:

The student-led temple cleaning initiative in Kasai encompassed a series of coordinated activities:

Planning and Coordination:

A dedicated team of student volunteers organized and planned the temple cleaning drive, including scheduling, resource procurement, and coordination with temple authorities.

Community Engagement:

Students reached out to the local community, raising awareness about the initiative and inviting residents to participate. They emphasized the importance of collective responsibility in preserving cultural heritage.

Cleanup Day:

On the designated day, students, along with enthusiastic community members, assembled at the Kasai Temple. They brought cleaning supplies such as brooms, mops, buckets, and cleaning agents.

Outcomes:

Enhanced Temple Appearance: The cleaning and beautification efforts significantly improved the overall appearance and cleanliness of the Kasai Temple.

Improved Religious Experience: Devotees and visitors experienced an enhanced sense of tranquillity and reverence while visiting the temple due to its clean and well-maintained surroundings.

Strengthened Community Bonds: The collaborative effort between college students and the local community fostered stronger community bonds and mutual respect.

Conclusion:

The student-led temple cleaning initiative in Kasai exemplifies the positive impact of community engagement and cultural preservation. By continuing these efforts and expanding the scope of community-based initiatives, the college 88 students contribute to the preservation of Kasai Temple as a cultural landmark and ensure it remains a place of

religious significance and community cohesion for generations to come. This endeavour underscores the importance of students working hand-in-hand with local communities to preserve and celebrate their cultural heritage.

Report on Presentation on Eco-Friendly Ganesh Festival at Parent Meeting

Date- 15/09/2023

Introduction:

In an effort to promote environmental awareness and sustainable practices, a student delivered a presentation on the importance of an eco-friendly Ganesh festival during a parent-teacher meeting.

Presentation Highlights:

1. Introduction to Ganesh Festival:

The student began by introducing the significance of the Ganesh festival in Indian culture, emphasizing its popularity and importance among families. They highlighted how it traditionally involves the worship of Lord Ganesha with elaborate decorations, idols, and celebrations.

2. Environmental Concerns:

The presentation then shifted its focus on the environmental concerns associated with the traditional way of celebrating Ganesh Chaturthi. The student explained how the immersion of idols made of non-biodegradable materials, along with chemical-laden paints and decorations, can harm water bodies and ecosystems.

3. Eco-Friendly Alternatives:

The student discussed various eco-friendly alternatives that can be adopted to celebrate Ganesh Chaturthi while minimizing

environmental impact. This included using clay idols, natural colours, and sustainable decorations made from recyclable materials.

4. Personal Responsibility:

The presentation emphasized the role of each family and individual in making a positive change. The student encouraged parents to take personal responsibility for ensuring their celebrations are eco-friendly and sustainable.

5. Community Initiatives:

The student highlighted successful examples of communities and neighbourhoods that have come together to celebrate an eco-friendly Ganesh festival. This included communal immersion of clay idols in artificial ponds, reducing pollution of natural water bodies.

Conclusion:

The student's presentation on eco-friendly Ganesh festival celebrations during the parent meeting was a valuable initiative in promoting environmental consciousness. It had not only raised awareness but also inspired parents to consider alternative, sustainable practices in their celebrations. This underscores the importance of involving 62 students in promoting eco-friendly initiatives and engaging parents in discussions about sustainable living.

Report of Street Play on theme Save Food

Date - 25/01/2020

The "Save Food" concept is a crucial issue that needs to be addressed on a global level so Department of Lifelong Learning and extension of Amdar Deepakbhai Kesarkar Science College Dodamarg, decided to make awareness in Dodamarg city and bazarpeth by performing street play. Street plays is always an effective medium to convey social messages to the community. A street play based on the "Save Food" concept is an innovative way to create awareness about food wastage and encourage people to take necessary steps to reduce it.

The street play theme was started with a group of DLLE student playing the roles of a family sitting at a dining table, wasting a significant amount of food, and throwing it away. The play then showed the adverse effects of food wastage on the environment, economy, and society. The student also highlighted the hunger and malnutrition issues faced by several people worldwide and how food wastage only adds to the problem.

The next segment of the street play was showcased the audience practical tips on how they can contribute to reducing food wastage. That tips include simple things like planning meals, storing food properly, and using leftovers creatively.

Finally, the play concluded by emphasizing the need for collective action to reduce food wastage. It encouraged people to take part in local

initiatives and support organizations working towards this cause. The play also reminded people that every small step counts and together, we can make a significant impact.

In conclusion, a street play on the "Save Food" concept was a powerful medium to create awareness and bring about change. It is an excellent way to convey a crucial message to people of all ages and backgrounds, making them more conscious of their actions and their impact on the environment and society.

After the performing street play by DLLE student in Dodamrg bazarpeth they return to college. Our college Principal congratulated 65 students participating in street play for their performance and well-planned theme of street play.

Report On Ozone Day Celebration

Academic Year	2022-23
Name of the Committee	Zoology Department and Nature club
Name of the Event	Ozone Day Celebration
Date	September 16, 2022
Venue	Seminar hall and Rally in the Dodamarg City
Objective	The main objective of this event is fixing the ozone layer and reducing climate change.
No. of Participants	

On the occasion of World Ozone Day which was celebrated on 16th September 2022 by ADK Science College Dodamarg commemorating the date on which the Montreal Protocol for the abatement of substances that deplete the ozone layer was signed in 1987 to describe the scientific overview and environmental impact or importance of ozone layer, this was explained by the key speaker. During the question-and-answer period that followed talks, the students engaged with the presenters. The ozone layer shields us from the sun's deadly ultraviolet rays. Sadly, the ozone layer is being destroyed in the name of preserving a high standard of living. The

purpose of the event was to raise awareness among the students, teachers, society, and the general public about the value of the ozone layer, the reasons for its depletion, and the negative repercussions on the earth's ecology. Global Cooperation Protecting Life on Earth is this year's subject for the UN Environment Programme's International Day for the Preservation of the Ozone Layer in 2022. Most of the dangerous UV rays from the sun are shielded from the Earth by the ozone layer. As is well known, the ozone hole, also known as an ozone layer hole, is caused by ozone depleting chemicals used in aerosols, refrigerators, air conditioners, and heaters. This breach allows damaging UV radiation to penetrate the ozone layer, which leads to human diseases like skin cancer and cataracts as well as negative effects on plant crops and the ecosystem as a whole. The following events were held as part of World Ozone Day at ADK Science College with the theme "Ozone for Life":

1. A poster-making competition was held for the purpose of showcasing student creativity and ideas.
2. An essay-writing contest to improve their writing and thinking abilities.
3. A writing contest for slogans.

Additionally, a rally was held to raise awareness for the preservation of the ozone layer in the Dodamarg market area. The competitions and rallies attracted a large number of kids who participated with enthusiasm.

Report On

Gandhi Jaynathi Celebration with Swatch Bharat Abhiyan

Academic Year	2022-23
Name of the Committee	Cultural Committee and DLLE
Name of the Event	Gandhi Jaynathi with Swatch Bharat Abhiyan
Date	October 2, 2022
Venue	College Campus and Seminar Hall
No. of Participants	

Swatch Bharat Abhiyan programme and cleanliness drive along with campaigning was organised in ADK Science College Dodamarg on 2nd October 2022 to improve the quality of life in rural areas through cleanliness and personal hygiene.

OBJECTIVE:

To contribute in Swachh Bharat Abhiyan activity, undertake cleanliness drive and organize rally and campaigning in the surrounding area.

The Swachh Bharat Mission (SBM) launched on October 2, 2014 aims to reduce open defecation in India. The SBM aims to construct 11 crore toilets, to be able to achieve its goal.

Swachh Bharat Abhiyan is a five year long cleanliness campaign launched by the Government of India on 2nd October 2014. The campaign was aimed for making the streets, roads and offices along with the clean surrounding from filth and garbage.

Principal
Amdar. Deepakbhai Kesarkar Science College
Dodamarg, Tal. Dodamarg, Dist. Sindhudrug

One of the main objectives of the drive is to make India Open Defecation Free (ODF). The campaign also targets raising public awareness about cleanliness through rigorous media campaigns and to institute door to door garbage collection in rural/urban household and ensuring its safe disposal.

Importance of Swachh Bharat Abhiyan:

Swachh Bharat Mission is very important considering the condition of sanitation, cleanliness and hygiene in India. Millions of deaths in India have been reported in previous years due to diseases resulting from poor sanitation and hygiene. Also, people were not fully aware of the need for cleanliness and its impact on their health and social life. Every urban/rural Indian household as well as offices were generating a good quantity of waste every day. This waste was either being accumulated or was strewn on streets in the absence of proper collection and disposal mechanism. It is very important to make people aware of the nuisance caused by open defecation and also to strengthen the local bodies for proper door to door efficient collection of waste and its proper disposal. To reduce the spread of contagious diseases which causes due to poor sanitation facilities, open defecation and garbage collection at various places.

Swachh Bharat Mission in Dodamarg Taluka:

The project Swachh Bharat Abhiyan aims for creating awareness among the villagers and motivating panchayats to participate actively in the cleanliness drives and campaigns. In the Dodamarg taluka ADK Science college have organized cleanliness drive in the college campus and also in the vicinity of the college, after this SBA committee also conducted campaign and rally in the market area to spread the awareness and importance of SBA among the local people about hygiene at personal and public places, how to maintain cleanliness at public places and benefit of reducing open defecation.

Why India Needs Swachh Bharat Abhiyan:

Swachh Bharat Abhiyan is a much needed initiative by India, as poor state of cleanliness in the country could be directly linked to high infant mortality and degrading health conditions. Poor hygiene and cleanliness is causing maximum number of infant deaths in the country. Moreover, there is a direct link between poor sanitation and life threatening diseases like cholera, diarrhoea and typhoid etc.

Objectives of Swachh Bharat Abhiyan:

The various objectives stated under the Swachh Bharat Abhiyan are listed in bulleted points below-

- Improving the quality of life in rural areas through cleanliness and personal hygiene.
- To make India free of open defecation within five years.
- To construct toilets in rural areas.
- To encourage private sectors for making capital expenditure in the project or into the operational and maintenance cost.
- To convert unsanitary toilets into the toilets with flush.
- Create awareness among communities towards sanitation and cleanliness.
- To bring about behavioral changes in the people towards sanitation and hygiene.
- Motivating the communities for adopting a proper sanitation model for better health and life.
- To tell people how sanitation is linked to their overall health and happiness.
- To encourage and acknowledge new technological innovation in the field of sanitation or cleanliness.
- To rope in proper support from eminent personalities and notable public figures to raise awareness among the people.
- To devise a proper, door to door, waste collection and disposal system, both in villages as well as urban areas.

Principal
Amdar. Deepakbhai Kesarkar Science College
Dodamarg, Tal. Dodamarg, Dist. Sindhudrug

- To make necessary changes in the local bodies in order to strengthen their functions and efficiency.
- To ensure proper availability of water in rural areas through a network of pipes.
- To construct separate toilets for boys and girls in all the schools throughout the country.
- To provide clean drinking water in all the schools and also to ensure availability of toiletries like soap etc.
- To provide proper toilets at all the anganwadis in the country.

Report on Campus Cleaning

Date- 22/08/2023

Department of Lifelong Learning and Extension

Activity : Campus and Ground Cleaning

Objective of Activity : To Run Cleanliness Drive in Campus

Time: 1.00 p.m. to 3:00 p.m.

Agenda of the activity:

1. To clean campus and ground for school & college students.
2. To Promote Swatch Bharat Abhiyan.
3. To Develop attitude among the students for Cleanliness.

Execution:

The Volunteers from T. Y. B. Sc. and S. Y. B. Sc. class had participated in this activity. This groups were divided among themselves some of them involved in collecting waste and cleaning the same, whereas some carried out the grass clearing which was covered on ground due to rainy days. Along with this the volunteers also paid attention towards the waste management, for that they called the garbage collecting truck of the municipality in our college. This activity was successfully conducted by 70 DLLE volunteers.

Outcome:

1. Made ground ready for sport and other activities.
2. The whole grass from ground is cleaned successfully.

3. There was an increase in the unity and harmony among the DLLE volunteers towards Swatchta Abhiyan.
4. Students understood the importance of cleanliness in their regular life.

Report on College Student-Led Temple Cleaning

Initiative in Kasai

Date - 29/08/2023

Introduction:

In an endeavour to promote community engagement and uphold the cultural significance of the Kasai Temple, a group of college students initiated a temple cleaning drive.

Objectives:

Preserve Cultural Heritage: Recognize and uphold the cultural heritage of Kasai by maintaining the cleanliness and sanctity of the Kasai Temple.

Promote Community Participation:

Encourage local residents and students alike to actively engage in preserving their cultural landmarks.

Enhance Religious Experience:

Provide devotees and visitors with a clean and welcoming environment for religious worship and reflection.

Activities:

The student-led temple cleaning initiative in Kasai encompassed a series of coordinated activities:

Planning and Coordination:

A dedicated team of student volunteers organized and planned the temple cleaning drive, including scheduling, resource procurement, and coordination with temple authorities.

Community Engagement:

Students reached out to the local community, raising awareness about the initiative and inviting residents to participate. They emphasized the importance of collective responsibility in preserving cultural heritage.

Cleanup Day:

On the designated day, students, along with enthusiastic community members, assembled at the Kasai Temple. They brought cleaning supplies such as brooms, mops, buckets, and cleaning agents.

Outcomes:

Enhanced Temple Appearance: The cleaning and beautification efforts significantly improved the overall appearance and cleanliness of the Kasai Temple.

Improved Religious Experience: Devotees and visitors experienced an enhanced sense of tranquillity and reverence while visiting the temple due to its clean and well-maintained surroundings.

Strengthened Community Bonds: The collaborative effort between college students and the local community fostered stronger community bonds and mutual respect.

Conclusion:

The student-led temple cleaning initiative in Kasai exemplifies the positive impact of community engagement and cultural preservation. By continuing these efforts and expanding the scope of community-based initiatives, the college 88 students contribute to the preservation of Kasai Temple as a cultural landmark and ensure it remains a place of

religious significance and community cohesion for generations to come. This endeavour underscores the importance of students working hand-in-hand with local communities to preserve and celebrate their cultural heritage.

Report on Presentation on Eco-Friendly Ganesh Festival at Parent Meeting

Date- 15/09/2023

Introduction:

In an effort to promote environmental awareness and sustainable practices, a student delivered a presentation on the importance of an eco-friendly Ganesh festival during a parent-teacher meeting.

Presentation Highlights:

1. Introduction to Ganesh Festival:

The student began by introducing the significance of the Ganesh festival in Indian culture, emphasizing its popularity and importance among families. They highlighted how it traditionally involves the worship of Lord Ganesha with elaborate decorations, idols, and celebrations.

2. Environmental Concerns:

The presentation then shifted its focus on the environmental concerns associated with the traditional way of celebrating Ganesh Chaturthi. The student explained how the immersion of idols made of non-biodegradable materials, along with chemical-laden paints and decorations, can harm water bodies and ecosystems.

3. Eco-Friendly Alternatives:

The student discussed various eco-friendly alternatives that can be adopted to celebrate Ganesh Chaturthi while minimizing

environmental impact. This included using clay idols, natural colours, and sustainable decorations made from recyclable materials.

4. Personal Responsibility:

The presentation emphasized the role of each family and individual in making a positive change. The student encouraged parents to take personal responsibility for ensuring their celebrations are eco-friendly and sustainable.

5. Community Initiatives:

The student highlighted successful examples of communities and neighbourhoods that have come together to celebrate an eco-friendly Ganesh festival. This included communal immersion of clay idols in artificial ponds, reducing pollution of natural water bodies.

Conclusion:

The student's presentation on eco-friendly Ganesh festival celebrations during the parent meeting was a valuable initiative in promoting environmental consciousness. It had not only raised awareness but also inspired parents to consider alternative, sustainable practices in their celebrations. This underscores the importance of involving 62 students in promoting eco-friendly initiatives and engaging parents in discussions about sustainable living.
